

ABDUL REHMAN

WEB DEVELOPER · AR WebNox

[\[Portfolio\]](#) · [\[Github\]](#) · [\[WhatsApp\]](#) · [\[Email\]](#) · Pakistan

PROFESSIONAL SUMMARY

Motivated web developer in the final semester of a BS in Software Engineering, building responsive, visually polished and user-friendly websites with Next.js, React, TypeScript and Tailwind CSS. I care about clean layouts, thoughtful typography and smooth interaction and I take sites from design details and animation through to deployment on Vercel.

TECHNICAL SKILLS

Frameworks & libraries	Next.js, React, Framer Motion
Languages	JavaScript, TypeScript, HTML5, CSS3
Styling & interface	Tailwind CSS, responsive web design, modern UI development
Tools & deployment	Git, GitHub, Vercel deployment

SELECTED PROJECTS

AR WebNox Portfolio & brand site [*ar-webnox.vercel.app*](https://ar-webnox.vercel.app)

Designed and built my own portfolio: a fully responsive interface with light and dark themes, a gold accent system, scroll and hover animation, a WhatsApp and email contact flow and accessible navigation, deployed on Vercel.

Next.js · TypeScript · Tailwind CSS · Framer Motion

AB Forex Academy Website [\[abforexacademy.com\]](https://abforexacademy.com)

Responsive website for AB Forex Academy with a clear page structure and a polished, user-friendly interface.

Next.js · TypeScript · Tailwind CSS · Framer Motion

ANI Fiber Net Business website [\[ani-fiber-net.vercel.app\]](https://ani-fiber-net.vercel.app)

Responsive business website for ANI Fiber Net with a clean, mobile-friendly layout and modern UI components.

Next.js · TypeScript · Tailwind CSS · Framer Motion

Asjad Bilal Homeo Clinic Client website [\[asjad-bilal-homeo-clinic.vercel.app\]](https://asjad-bilal-homeo-clinic.vercel.app)

Bilingual (Urdu and English) marketing site for a homeopathic clinic, with full right-to-left support, WhatsApp-based appointment booking and a custom design system.

Next.js · TypeScript · Tailwind CSS · Framer Motion

EDUCATION

BS Software Engineering 2022 - Present

[\[Virtual University\]](#) · Final semester, degree in progress

RELEVANT STRENGTHS

- ◆ Responsive, mobile-first layouts that hold up from phone to widescreen
- ◆ Close attention to typography, spacing and visual hierarchy
- ◆ Type-safe, maintainable code with TypeScript and reusable components
- ◆ Independent delivery: building, polishing and deploying a site end to end
